

The Portland Hospital
for Women and Children

Private Maternity Care Package

Provided by

Dr Berrin Tezcan FRCOG, MSC, MD

-  Grosvenor
-  Gardens
-  Healthcare

Dr. Berrin Tezcan is a highly respected Consultant Obstetrician and Fetal Medicine Specialist in London, renowned for her compassionate, patient-centered care and over 20 years of expertise in the field. Her approach to obstetric care emphasizes respect for pregnancy as a natural state of health and childbirth as a normal, physiological process. She understands and honors the diverse needs, personal preferences, and cultural values of her patients, offering personalized care tailored to help each woman achieve her desired birthing experience.

Berrin completed her specialist training in Fetal Medicine at King's College Hospital and holds a prestigious Diploma in Fetal Medicine awarded by Prof. Kypros Nicolaides. She also completed her MSc in Prenatal Genetics and Fetal Medicine at UCL with distinction.

She worked as a Consultant Obstetrician and Fetal Medicine Specialist at Chelsea and Westminster Hospital NHS Foundation Trust, where she was actively involved in training and mentoring obstetricians across various levels of expertise.

Dr. Tezcan's outstanding reputation reflects her dedication to excellence in maternal and fetal care.

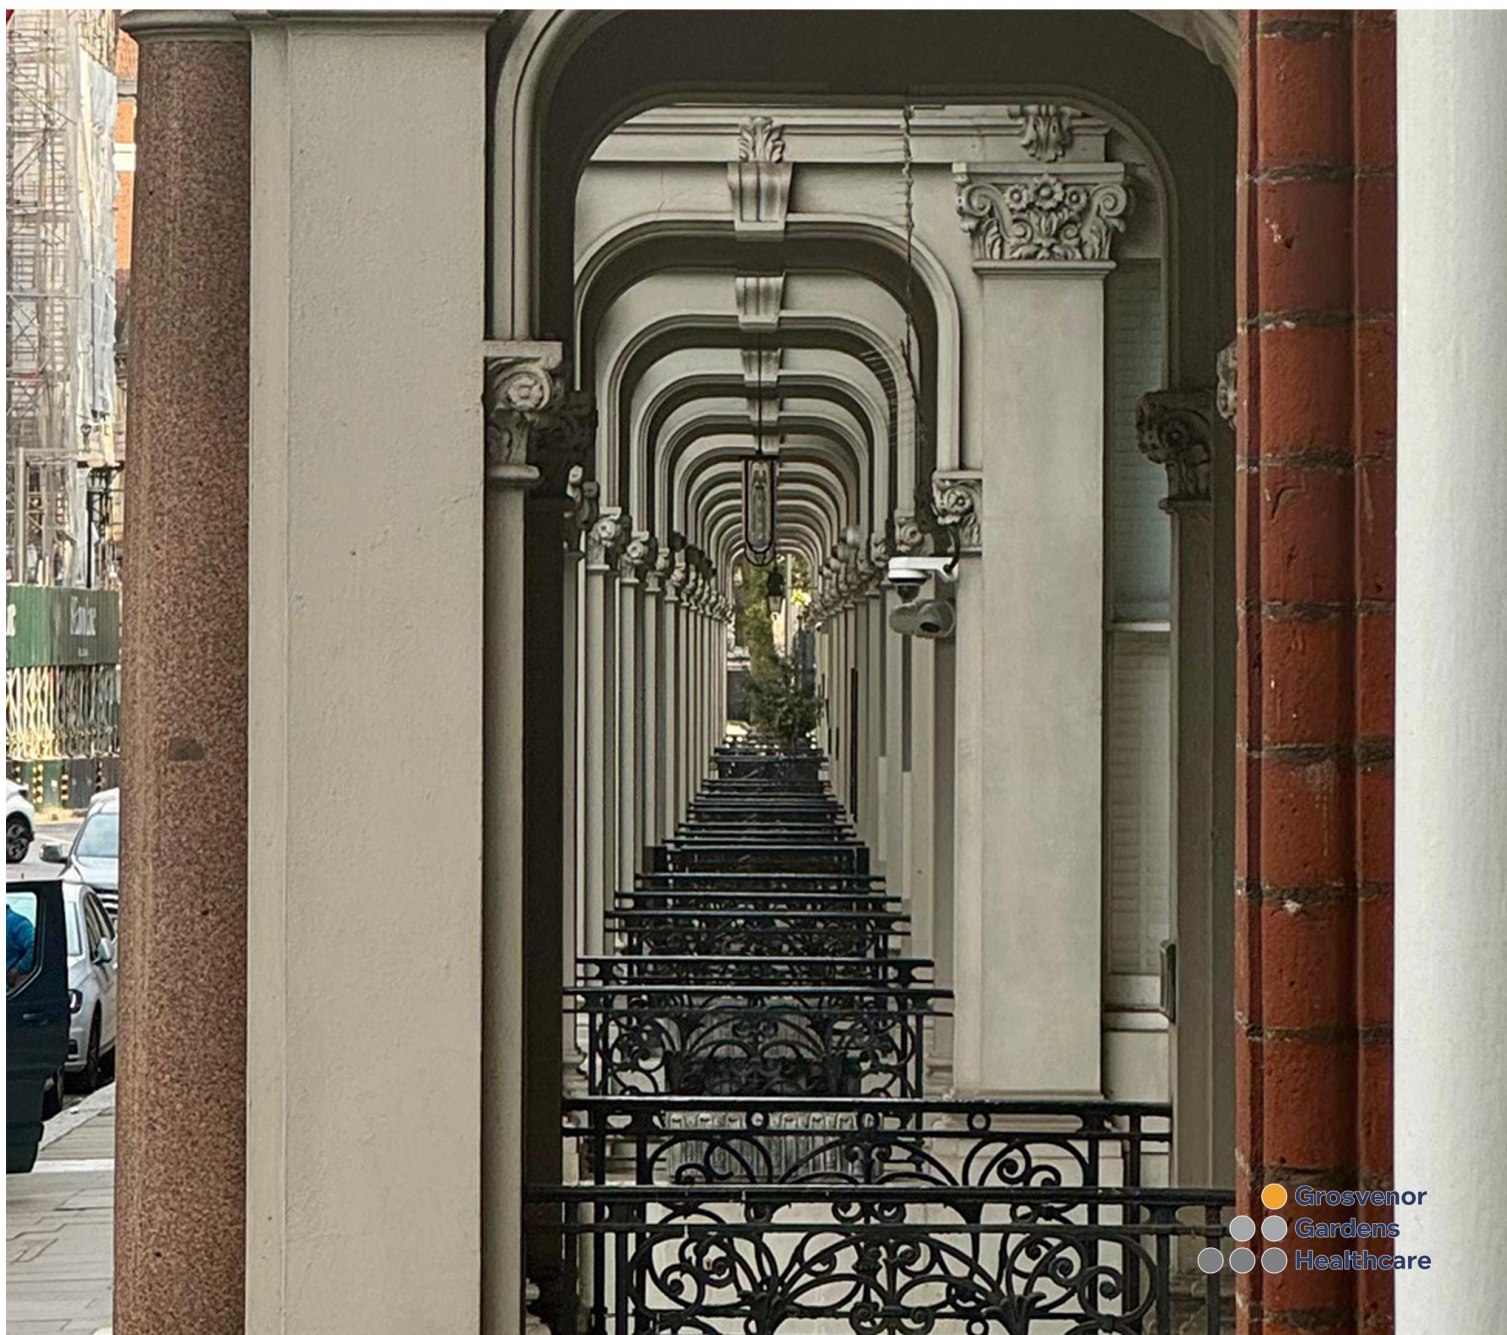

About Grosvenor Gardens Healthcare & The Portland Hospital

Nestled in the heart of Belgravia/London Victoria and West Dulwich, our private maternity clinics offer an unparalleled experience for expectant mothers seeking exceptional care. Combining world-class medical expertise with personalized attention, our bespoke maternity packages are designed to nurture, support, and celebrate every step of your journey to motherhood.

We are well aware of the mixed feelings of anxiety and joy during the period of pregnancy and birth. Therefore, we aim to make this journey as smooth as possible for you and your partner/family with our expertise and supportive approach. We welcome self-pay, international, and insured patients seeking first class maternity care in London.

The Portland Hospital is the UK's sole fully private maternity hospital, offering exceptional midwifery and consultant care.

Why choose your care under Dr Berrin Tezcan?

Opting for private obstetric care ensures you have a consistent, trusted obstetrician throughout your pregnancy journey. With us, you'll meet the most qualified and experienced obstetrician at every appointment, eliminating conflicting or confusing information.

Benefits of Private Care:

- Direct access to your consultant obstetrician
- Flexible appointment times
- Efficient handling of your queries and concerns
- Personal and close relationship with your consultant obstetrician
- Reduced stress during labor
- Private room and bathroom for post-birth comfort

Please email Dr Berrin Tezcan to schedule a meet and greet: berrin@gghealthcare.uk

Why Choose Portland Hospital?

Portland Hospital is the UK's sole fully private maternity hospital, offering exceptional midwifery and consultant care. Say goodbye to delays in care during labor, a common issue in private maternity units within NHS facilities. Portland Hospital ensures your care remains uninterrupted, even during emergencies.

Experience the utmost in maternity care at Grosvenor Gardens Healthcare and the Portland Hospital, where your health and peace of mind are our top priorities.

Private Health Insured Patients

For private health-insured patients, booking is a breeze. Simply contact your insurer to obtain a pre-authorization code for antenatal visits and delivery. Remember to share this code along with your insurance company's contact details and policy number. Ensure your policy fully covers both our fees and the hospital fees for a seamless experience.

Testimonials

OM - So grateful for an amazing experience. Doctor Berrin is truly professional and passionate doctor. She took me at a very short notice, after I had traumatic experience with NHS. Me and my partner are so happy with the whole experience. If you are looking for fear free delivery of your baby doctor Berrin is the one to choose.

GM - Dr. Tezcan is truly amazing! Throughout the pregnancy she was always confident and reassuring, but also personable and warm. As a first time mum, I had a lot of questions and Berrin always took the time to answer and send me all the information I needed. We trusted her judgement and advice from day 1 and felt so at ease in her calm and capable hands. Berrin and her team were so responsive and accommodating also in terms of logistics and scheduling, which helped a lot as two working parents. They also always made sure we had all of the information we needed to make any decisions along the way. When it came time to deliver our baby, we could not have asked for a better person to be with us. With a smile on her face, Berrin was calm and warm, but also decisive and confident when it came time to make important decisions during the delivery. We are so lucky to have found Berrin and consider her part of the family! We cannot wait to have another baby with her again. Highly recommend her to any other expectant mums!

GB - Berrin is amazing! She was with us every step of the way and feels more like a friend than a doctor, though she remains totally professional at all times. She is very knowledgeable and reassuring and made the whole experience straightforward and relaxing. We are very lucky to have found her!

AA - My wife and I received impeccable care from Dr Berrin Tezcan for the delivery of both our boys. She listens to and respects the patients choices and is very empathetic and respectful. Great doctor with a great personality. We felt we were in great hands. We can't recommend her enough

MD - Thanks so much Dr Berrin to have been not just our doctor, but our guardian angel during all the wonderful but challenging journey to become parents. Thanks to have taken care of us and our little Emma Rose and to have been so extraordinary. For the support, affection, time and for all the answers to our questions that always reassured us, even late in the night. Thanks to have transformed the delivery, that the pandemic made even more scary, the most amazing experience of our life, leaving no sign of the c-section. We will be forever grateful!
